Multi-storey car parks

We have three multi-storey car parks in Nottingham City that are local to the town centre: Broad Marsh car park, Lace Market car park and Trinity Square car park. These are safe, secure and easy to use. There are various ways to pay for your parking such as using your debit/credit card for contactless or chip and pin payments at the entrance and exit barriers (with the same card) or using the RHParking app which is available to download through the App Store/Google Play, alternatively take a ticket on entry and pay at the pay stations.

On-street pay and display bays and surface car parks

There are no maximum stay restrictions for the majority of our pay and display bays and surface car parks however; you must refer to local signage for further information. Please provide the correct coins if paying by cash as no change is given. Failure to display a valid ticket may result in a penalty charge notice being issued.
